Dr. David B. Altman 08-29-02

On August 29, 2002, Dr. David B. Altman requested an AUTHORIZATION FOR THE RELEASE OF INFORMATION for DISABILITY DETERMINATION from the FAA in Washington D.C. An FAA First Class Medical Certificate IS NOT A DISABILITY DETERMINATION; it is required under Federal Law (Code of Federal Regulations - Title 14 CFR), by a pilot to legally operate an aircraft. Four (4) years pass, and Dr. Pakull and the FAA Staff in Washington D.C. continue to CONCEAL THE MEDICAL FRAUD.

I DID NOT SIGN THE RELEASE.
